ABOUT ME

CSE graduate and currently working as Intern at NIELIT (Government of India), with practical exposure to SIEM monitoring, log analysis, alert investigation, network traffic analysis, and incident handling. Seeking a full-time opportunity to support security monitoring and threat detection.

EXPERIENCE

Intern | National Institute of Electronics and Information Technology (NIELIT) Ropar, Punjab *Aug 2026 – Present*

- Working on cybersecurity operations involving penetration testing, vulnerability assessment, firewall administration, SIEM monitoring, network security, and digital forensics.
- Gaining hands-on experience with Sophos Firewall, Wireshark, and malware analysis techniques.
- Delivering cybersecurity and networking training to students and officials, covering security concepts, network fundamentals, practical tools, and industry best practices to enhance their technical knowledge and awareness.

PROJECTS

Wazuh-Based Security Monitoring Platform | Open Source XDR / SIEM *Jan 2026 – Mar 2026*

- Built and configured a centralized Wazuh-based XDR/SIEM platform for security monitoring, log collection, and threat detection across monitored systems.
- Configured and tuned detection rules, security alerts, and event correlation to identify suspicious activities, brute-force attempts, and anomalous system behavior.
- Performed security event investigation, alert triage, and incident monitoring to improve threat visibility and support SOC operations.

BlueGuard – Android Safety Application | Kotlin / OpenRouter API / Android SDK *Aug 2025 – Oct 2025*
github.com/shashikant2003m/BlueGuard

- Developed an Android application in Kotlin leveraging real-time Weather API data and AI inference via OpenRouter API to assess beach safety conditions and deliver threat-awareness alerts to users.
- Implemented secure API communication and dynamic UI updates using Android SDK and XML layouts, applying application security principles.

CERTIFICATIONS AND ACHIEVEMENTS

Certified Ethical Hacker (CEH) | EC-Council *In Progress*

Cyber Security & Ethical Hacking Intern | Board Infinity *Jul 2024*

CompTIA Linux+ XKO-005 | Cybrary *May 2024*

Vulnerability Disclosure | Broken Access Control in Bihar Govt. Land Records Portal (Cert-in-54618526) *Dec 2025*

TECHNICAL SKILLS

Network Security: Firewall, TCP/IP, DNS, HTTP/HTTPS, LAN/WAN, Network Traffic Analysis, Port Scanning

Security Tools: Wazuh, Wireshark, Nmap, Burp Suite, ZAP, Metasploit, Maltego, theHarvester

Security Operations: SOC, SIEM, Security Monitoring, Alert Triage, Threat Detection, Incident Response, Log Analysis

Security Analysis & Forensics: Digital Forensics, Malware Analysis, Threat Intelligence, Vulnerability Assessment

Offensive Security: OWASP Top 10, MITTRE Attack, Reconnaissance, Enumeration, Penetration Testing

Operating Systems: Kali Linux, Ubuntu Linux, Windows

EDUCATION

B.Tech – Computer Science and Engineering | Lovely Professional University | Punjab, India *2026*

Intermediate (Class XII) | Jagjiwan College, Dehri on Sone | Bihar, India *2022*

Matriculation (Class X) | Sun Beam Public School | Bihar India *2020*
